- Courtesy LED light included
- Manual disengagement system
- Electronic limit system
- 2 channel remote
- Fork extensions optional for recessed drum wheel
- Optional battery back up
- 5 year motor warranty, 2 year electronics warranty

accessories

Emergency key release

Used in case of malfunction or power failure, especially useful if there is no other access to the garage.

Electronic key switch

Allows entry into your garage from outside, via a key lock. Useful when remote handset is not available.

'Photo Eye' technology

For added safety, this allows the garage door to automatically reverse when its sensory light beam is broken by an obstruction, helping to protect your family from injury and your car from the damage caused by contact.

Wireless keypad

Weatherproof digital keypad with cover which can be programmed with codes from 1 to 6 digits, for maximum security. Includes back-light for your convenience when used in poor lighting situations.

Remote handset

Comes with three buttons which act as multi-functional hand transmitters. It can also be programmed to open different garage doors or gates on the one-handset.

Wireless wall mounted remote

Can be installed near an internal access door to your garage giving you greater convenience to open and close your garage door.

For the ultimate in convenience and functionality, Boss Garage Door Operators offer a range of optional accessories to complement standard operator installations.
